

HdLink Setup Start Guide

2020

1. Find Your HdLink

Log In (Desktop)

hd.click/**displayname**

2. Customize it

Log In (Desktop) & click your **HdLink** to enter edit mode.

Complete your Bio

Name | **HdLink**
Country | City
Short Description

Insert your links

1. Click “Add new story” and insert the URL
2. Add as many links as you want

Set Up your Background (3 options)

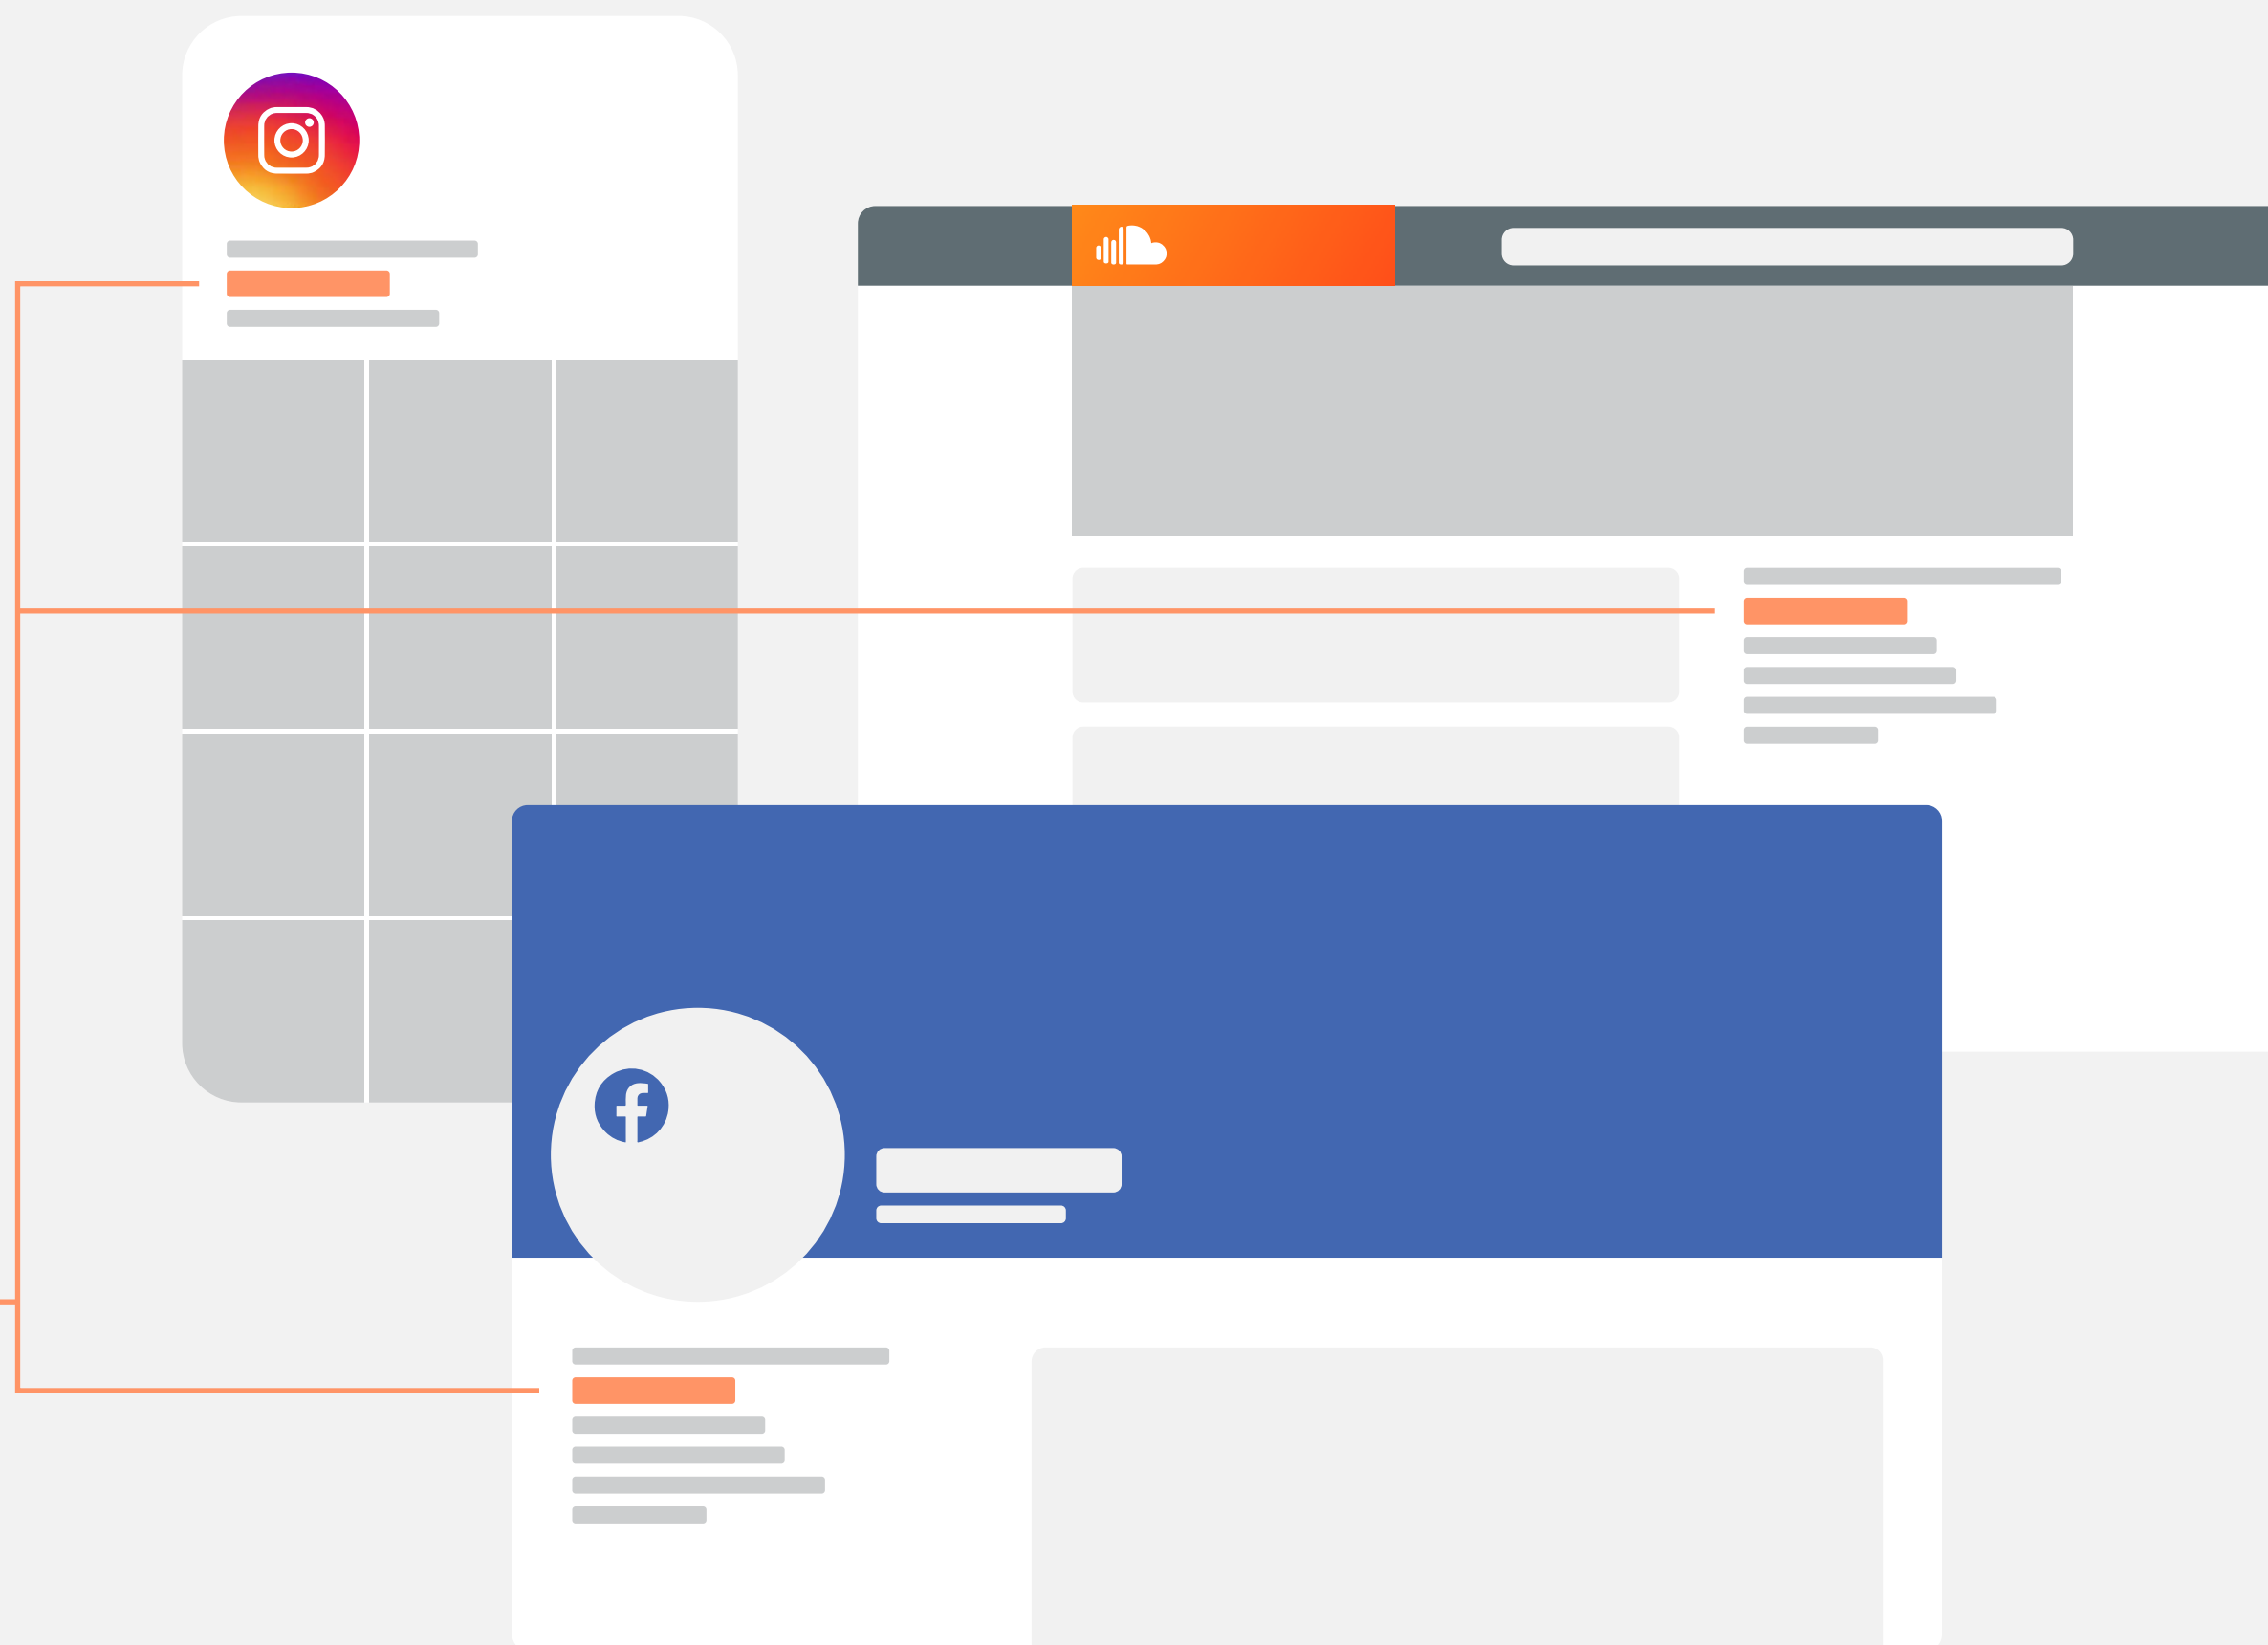

Default dynamic BG
Mosaic (Beatport Artists/Labels URL)
Upload image

Choose Dark/Light Mode

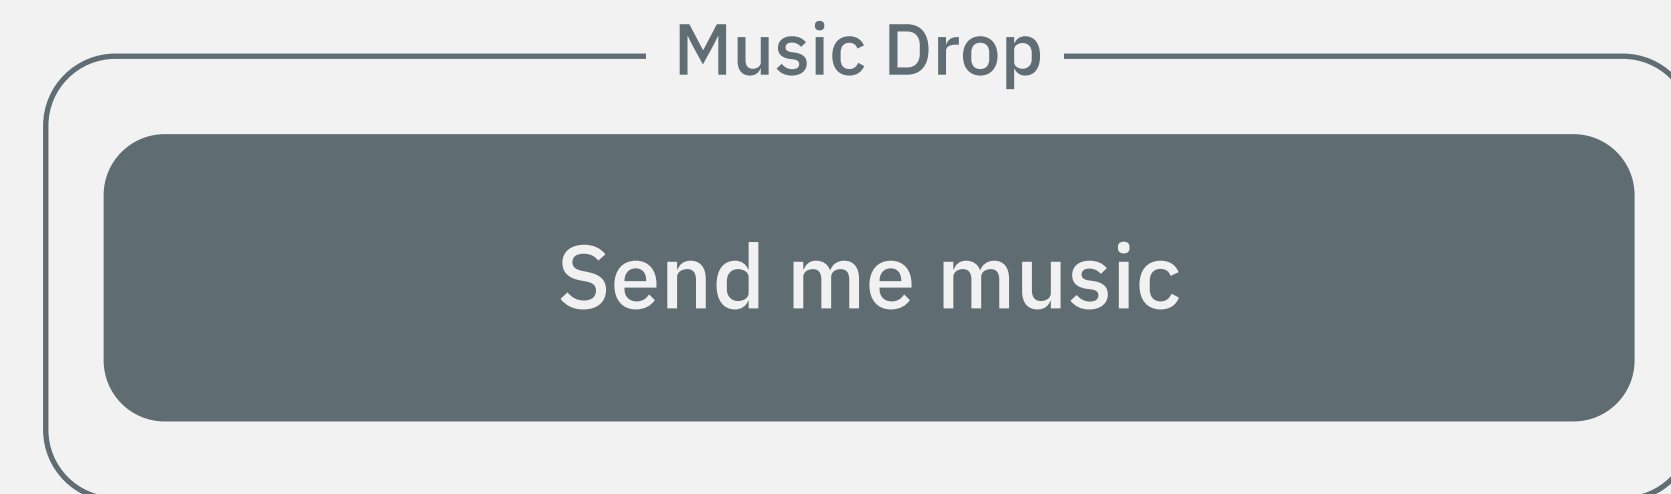

3. Place your HdLink everywhere you want

hd.click/[displayname](#)

4. Receive Relevant Music

Thanks to our CSS System, labels receive more relevant music and artists are protected from spam.
The natural filter the industry never had.
